MEETING & COMMUNICATION RHYTHM

Regular meetings maintain communication across our diverse cultural and geographical locations

The leadership rhythm provides a shared structure for focus, communication, and accountability. It ensures that leaders and teams:

- Stay aligned on priorities
- Are aware of all activities
- Catch issues early
- Make faster, clearer decisions

Monthly meetings will use Zoom; groups will choose the best format (Zoom/WhatsApp) for their individual meetings (have a notetaker for WhatsApp). If you are unable to attend a scheduled meeting, please contact your group leader and update him or her on what you have achieved since the last meeting for continuity and accountability.

Fast-moving meetings with active participation and information shared are invigorating and satisfying. Zoom's AI summaries are very useful.
